Certification for Academic Excellence

PROFESSIONAL EXPERIENCE

KOCMATE | App Operations & Marketing Intern

Jun 2025 - Sep 2025

- Coordinated between clients and cross-functional Social, Product, and Operations teams to clarify briefs, align requirements, and support timely task delivery.
- Translated business needs and user feedback into clear task requirements and actionable instructions for relevant teams.
- Standardized 25% of product display content, ensuring visual and informational consistency with the platform's UI/UX standards.

PROJECT EXPERIENCE

Odoo ERP Customization & Process Automation | HT Beauty Clinic

Apr 2026 - Jun 2026

Project Manager & Business Analyst | [Project Details](#)

- Managed the full lifecycle of this Odoo ERP project, overseeing everything from initial requirement analysis to final system configuration.
- Conducted requirement elicitation that successfully identified and resolved 46 operational workflow gaps.
- Engineered automated customer care workflows, significantly driving conversion rates and reducing customer no-shows.

F&B Digital Ordering Solution Prototype | Tra Anh Beverage

Sep 2025 - Dec 2025

Business Analyst | [Project Details](#)

- Elicited business requirements and modeled AS-IS processes using BPMN to resolve peak-hour bottlenecks caused by manual ordering, thereby proposing the "Order & Pick-up" mobile app solution.
- Architected comprehensive user flows using Draw.io and developed technical prototypes via Figma for the "Order and Pick-up" mobile application.

TOOLS & SKILLS

Business & Product analysis: Requirements Elicitation, Process and system mapping, Functional requirements analysis, User and Business flow optimization.

Project Execution: Stakeholder Management, Agile methodologies, Product documentation.

Technical Stack: Jira, Figma, Power BI, Draw.io, Bizagi, PostgreSQL, GitHub.

EXTRACURRICULAR ACTIVITIES

Kinh Van Hoa Short Filmmaker Project | Star Delight Agency

Jun 2024 - Jul 2026

Production Team Member - Account, Scriptwriter & Director

- Coordinated a 12-member team and 5+ stakeholder groups to clarify briefs, align changing requirements, and deliver projects from planning to final acceptance.
- Converted stakeholder inputs into 50+ production-ready scripts and creative deliverables while supporting pitching, directing, reviews, and issue resolution.
